LUXURY IN MOTION

The Relaxed Lounge

Variable pitch chairs, incliners and recliners – they all have taken a bad rap over the years. Handles sticking out, beer coolers in the arm, gigantic chairs looming over the “man cave”. Not anymore. EF+LM introduces a group of sleek and sophisticated motion chairs that in most cases look like, well elegant living room chairs (some with separate ottomans!). All are available with nearly silent motors and inconspicuous controls to enhance the luxury experience. All are luxurious, comfortable, and will pass the interior design test. Stainless Steel Greek Key feet? Lucite feet? Solid mahogany carved arms? Come see and try them out for yourself. We will wake you after your nap.

CH244-VPM *Downing Street Club Variable Pitch Chair*

DIMENSIONS *Width: 35" Depth: 39" Height: 39"*

MECHANISM *Motorized variable pitch*

FEATURES *Button tufted seat and back*
